

INFRA RED ICE LIGHT

"For Nighttime Special Operations"

Gives you maximum visibility at night when used with night vision equipment

IR ICE LIGHT® when used with night vision equipment, in the constant "ON" mode, will illuminate a room for S.W.A.T, C.E.R.T, S.R.T and military special operations teams.

Applications include:

- Room illumination
- Landing site markers
- Water craft and beach markers
- Target acquisition markers
- Friend or foe markers
- Downed pilot beacon
- Reconnaissance path indicators

Special INFRA RED ICE LIGHT (Model # CL-1209i) Features two user selectable operating modes; **Constant "ON"** mode for constant illumination of an area or room for Swat, SRT and military special operations; and **Flash** mode which electronically rotates in a 360° pattern for landing sites or target marking. The IR ICE LIGHT operates continuously on a standard 9 volt alkaline battery for up to 4 hours and contains 15 Light Emitting Diodes "LED's" which have an expected life of more than 100,000 hours. The ICE LIGHT is housed in a high impact ABS plastic case with a non-slip rubber grip and includes a heavy duty nylon holster and vehicle mounting kit. ICE LIGHT is only 7.9 inches long and weighs only 6.6 ounces, it is water resistant to 35 feet and will float in water with the lighted side exposed out of the water.

Features:

- Made of High Impact ABS Plastic can withstand 6,800 Pounds Per Square Inch
- Water tight to 35 feet and will float with the lighted side up
- Simple Operation, Push On/Off Button Concealed In The Non-slip Vinyl Rubber Grip
- Up to 4 hours of constant operation with One 9 Volt Alkaline Battery (Included)
- Engineered & Assembled in the USA and includes a Two Year Manufacturers Warranty (USA only)
- Emission: 114 mw/SR at 875nm
- Complies with FCC part 15 rules and regulations, and is RoHS compliant

Alternating high intensity Infra Red LED's in a 360° pattern ■ 2 user selectable light modes; 1st mode - flashing, 2nd mode - constant "ON" ■ Length: 7.9 inches long ■ Weight: 6.6 ounces ■ Visual indicator for low battery ■ Includes: Lanyard, Belt Holster, 9V Alkaline Battery and Vehicle Mounting Kit ■ 2 year manufacturers warranty (USA only)
